Congressman Ron Paul (R-Texas) is the leading advocate for freedom in our nation's capital. As a member of the U.S. House of Representatives, Dr. Paul tirelessly works for limited constitutional government, low taxes, free markets, and a return to sound monetary policies. He is known among his congressional colleagues and his constituents for his consistent voting record. Dr. Paul never votes for legislation unless the proposed measure is expressly authorized by the Constitution. In the words of former Treasury Secretary William Simon, Dr. Paul is the "one exception to the Gang of 535" on Capitol Hill.

RonPaulHQN is the unofficial Granite State volunteer network for Ron Paul's presidential bid in 2008. We are dedicated to seeing that a **real conservative**—a man who truly values constitutional limited government—wins the New Hampshire GOP presidential primary.

# Ron Paul for President 2008

Not many Americans think that this country is heading in the right direction. With outlandish spending, growing federal bureaucracy, expanding welfare programs, and more attention paid to Iraq's constitution than our own, it seems impossible that we've had a Republican president since 2000.

The GOP candidate field is littered with politicians who are conservative once in a while. They oppose taxes, *unless*. They oppose spending, *unless*. They oppose nation-building, pork-barrel projects, and infringements on liberty, *unless*.

Ron Paul is a true defender of individual rights. He is the only candidate whose voting record bears out his stated principles—the principles laid out in the Constitution. He is the only candidate, Republican or Democrat, who truly favors small government, and has consistently opposed the needless war in Iraq.

Ron Paul is the only Republican who has a chance to win the White House in 2008, but he needs your support to guarantee his success.

## Brief Overview of Congressman Paul's Record

Congressman Paul's consistent voting record prompted one of his congressional colleagues to say, "Ron Paul personifies the Founding Fathers' ideal of the citizen-statesman. He makes it clear that his principles will never be compromised, and they never are." Another colleague observed, "There are few people in public life who, through thick and thin, rain or shine, stick to their principles. Ron Paul is one of those few."

***In 2008, Americans will have to make a choice. We can continue down the path that we are on, or we can join Ron Paul in his journey to bring freedom and liberty back to the forefront of American values. America needs a president like Ron Paul.***
