

RON PAUL 2008

★ HOPE FOR AMERICA ★

The 2nd Amendment

GUARDIAN OF EVERY OTHER RIGHT

I share our Founders' belief that in a free society each citizen must have the right to keep and bear arms. They ratified the Second Amendment knowing that this right is the guardian of every other right, and they all would be horrified by the proliferation of unconstitutional legislation that prevents law-abiding Americans from exercising it.

I have always supported the Second Amendment and these are some of the bills I have introduced in the current Congress to help restore respect for it:

- H.R. 1096 includes provisions repealing the Brady Handgun Violence Prevention Act and the Federal Firearms License Reform Act of 1993, two invasive and unconstitutional bills.
- H.R. 1897 would end the ban on carrying a firearm in the National Park System, restoring Americans' ability to protect themselves in potentially hazardous situations.
- H.R. 3305 would allow pilots and specially assigned law enforcement personnel to carry firearms in order to protect airline passengers, possibly preventing future 9/11-style attacks.
- H.R. 1146 would end our membership in the United Nations, protecting us from their attempts to tax our guns or disarm us entirely.

In the past, I introduced legislation to repeal the so-called "assault weapons" ban before its 2004 sunset, and I will oppose any attempts to reinstate it. I also recently opposed H.R. 2640, which would allow government-appointed psychiatrists to ban U.S. veterans experiencing even mild forms of Post-Traumatic Stress Syndrome from ever owning a gun. You have the right to protect your life, liberty, and property. As President, I will continue to guard the liberties stated in the Second Amendment.

RON PAUL HAS NEVER VOTED FOR A FEDERAL RESTRICTION ON GUN OWNERSHIP

"Texas Congressman Ron Paul's pro-gun credentials are impeccable and he has been a leading proponent of rolling back the past 40 years of gun control."

—Larry Pratt, Executive Director
Gun Owners of America

RON PAUL, BY LARRY PRATT

Ron Paul has represented areas near Houston, Texas for nearly 20 years in the U.S. House of Representatives. He's been a leader in the fight to defend and restore the Second Amendment. He has sponsored legislation to repeal the following:

- ★ The Brady law
- ★ The so-called "assault weapons" ban
- ★ The federal prohibition on importation of guns on a sporting basis test
- ★ federal prohibitions on any pilot wishing to carry a handgun to and in his cockpit
- ★ The requirement to lock up your safety (guns)
- ★ The law permitting the US to be part of the UN (which, among other attacks on American freedoms, seeks to ban privately transferred firearms)
- ★ participation in UNESCO -- which has been used to dumb down US education standards
